

Version 2.1

Child Safe Anglican Education

● POLICY

Purpose

The Child Safe Anglican Education Policy directs Anglican schools, and education and care services (ECS) on actions required to uphold children's safety. This includes:

- Promoting children's safety, wellbeing and best interests
- Effectively preventing, detecting and responding to reasonable suspicions of harm as well as matters which may be reportable conduct
- Application of the Child Safe Standards and the Universal Principle within each relevant Child Safe Entity.

By following this policy, schools and ECS are supported to meet relevant mandated requirements.

Public Commitment

Our Anglican schools, and education and care services are committed to promoting the safety, wellbeing and best interests of children, and to preventing, detecting and responding to child harm.

Every child has the right to be safe and feel safe.

As Anglican child safe organisations, we commit to:

- | | |
|---|--|
| ● Implementing Queensland's 10 Child Safe Standards and the Universal Principle. | ● Empowering children to participate in decisions that affect them. |
| ● Operating by Gospel values, which emphasise service, inclusivity, integrity, character, dignity, compassion, and justice. | ● Educating children about who to approach if they feel unsafe, or have concerns. |
| ● Providing children with exceptional pastoral care. | ● Instructing our community members on how to respond to complaints, concerns, and breaches of our conduct expectations. |
| ● Providing care that is physically, emotionally, psychologically and culturally safe. | ● Maintaining effective processes for responding to concerns of child harm. |
| ● Taking all reasonable steps to protect children from exposure to harm. | ● Listening, learning, and seeking to improve. |

Application

This Policy is published by the Anglican Schools Commission (ASC) on behalf of the Anglican Church Southern Queensland (ACSQ). ACSQ requires everyone within Anglican schools and ECS in the Diocese of Brisbane to comply with this policy and its procedures. This includes any business or group operating under the authority or control of the school or ECS.

Anglican schools in the Diocese of North Queensland, who contribute to the annual Anglican Schools Commission Child Safety Levy are also permitted to use this policy.

The ACSQ is not responsible for the policy's implementation or compliance unless there is another corresponding governance responsibility.

For more information, including a list of relevant schools and ECS, refer to Annexure B.

Policy Exemptions

There are **no exemptions** to this policy.

In many circumstances other policies, such as those for work health and safety, risk management, behaviour management, human resources, and complaint handling, may also apply. At all times, these policies will be used in a way that prioritises the safety, wellbeing, and best interests of children, and the requirements outlined in this policy and its procedures.

Related Documents

Anglican schools and ECS will take all reasonable steps to uphold children's safety. This will be achieved by following procedures.

1. Procedures: Child Safe Responses

Intended Audience	All workers in the school or ECS, including business/group under the authority or control of the respective school or ECS; along with anyone who might identify non-compliance with this procedure.
Outcomes	- Processes for effectively responding to concerns of child harm (including risk of harm) and the conduct of a worker that may be reportable. - Processes for reporting if a school or ECS has not complied with the procedures for responding to concerns of child harm, and how this report will be managed.

2. Procedures: Child Safe Operations

Intended Audience	Workers with operational management responsibilities in the school, ECS and business/group under the authority or control of the respective school or ECS.
Outcomes	Prevention of harm: Promoting the safety, well-being, and best interests of children. This includes taking all reasonable steps to reduce the likelihood of a child being harmed, especially when under the care, supervision, control, or authority of the school or ECS. Preparedness to respond: Taking all reasonable steps to prepare school and ECS operations to effectively respond to concerns relevant to child harm and reportable conduct. Provide assurance: Implementing actions to provide assurance that responsibilities for preventing, preparing for, and responding to child harm and reportable conduct are being met. Prioritise learning: Committing to processes of continuous improvement, identifying and applying new learnings to enhance the ability to prevent, prepare for, and respond to child harm and reportable conduct.

In addition to these procedures, mandatory child safety requirements for schools and ECS are detailed in the Compliance Support Index published by the ASC. These requirements must be met in the implementation of this policy. The Compliance Support Index also provides guidance on how to apply the Child Safe Standards and Universal Principle.

The ASC also provides practice and education resources to help schools and ECS meet these requirements. This includes child-friendly versions of the policy and related processes.

Key Requirements

RESPONSIBILITIES:

1. Implementation Responsibilities

Principals, along with the **Approved Provider** and **Nominated Supervisors** in ECS, are responsible for implementing this policy and its procedures. This applies to their respective school or ECS, including any business or group under its authority or control.

2. Conduct Expectations

All persons must conduct themselves in a way that does not harm a child or place a child at an unacceptable risk of harm. For **workers**, this is inclusive of matters defined as reportable conduct. This protects a child's right to physical, emotional, psychological, and cultural safety.

3. Compliance Obligations

All workers are responsible for meeting their specific responsibilities, detailed in this policy (including Annexure A) and related procedures.

This includes, but is not limited to, working in a way that actively encourages and enables:

- Children, their families, workers and community members to effectively raise concerns
- Concerns to be managed as per this policy and its procedures

Annexure A to this policy and the procedures provide further information on delegations and relevant context.

Each separately incorporated school, and ECS with an Approved Provider who is not the ACSQ, must publish their own Annexure A reflecting their governance arrangements and supporting the language used in the procedures to be applied to their respective context.

NON-COMPLIANCE WITH THE PROCEDURES: CHILD SAFE RESPONSES

The Procedures: Child Safe Responses outlines the process for reporting if a school or ECS has not complied with these procedures.

- All workers are obligated to report reasonable suspicions of non-compliance using this process.
- Other people are asked to use this process. Children are always encouraged to seek assistance from adults they trust.

Other complaints are managed through the respective school or ECS complaints management processes. Where these complaints include concerns related to child harm or reportable conduct, such concerns will be managed as per this policy.

It is immaterial how the harm is caused." <i>Source: Section 9 Child Protection Act 1999 and section 7 of the Education (Queensland College of Teachers) Act 2005.
